Aspiring Full Stack Developer

Passionate about web development, specializing in JavaScript, Node.js, and UX. Looking for opportunities to apply my technical skills and creativity in projects that enhance user experience.

Skills

- HTML, CSS, SASS, J
- Figma Prototyping
- JavaScript , Python , C#

Experience

Early Childhood Educator | Quebec, Quebec.   2022-Present
Les Tournesol Daycare
- Planned and organized educational activities for children aged 18 months to 5 years, promoting creativity and early learning development.
- Guided over 10 children in developing autonomy through daily routines, fostering independence, confidence, and social interaction.
- Improved visual and educational materials across daycare, enhancing collaboration and communication with over 50 children's families and staff members.

Marketing Director   2019-2022
Kelly Franceschetti
- Managed and created content for social media, growing audience engagement by 25% and reaching over 5,000 followers.
- Designed and launched an online sales platform during pandemic, enabling over 100 customer transactions and expanding business reach.
- Maintained and strengthened customer relationships to suggest pricing and segmentation ideas; partnered with marketing, sales, and product teams on quarterly business initiatives.
